

Privacy Policy – What's the Workout?

Last updated: September 16, 2026

1. Introduction

Welcome to What's the Workout? ("the App"), a fitness application developed by FabricaLabs.

This Privacy Policy explains how we handle information when you use the App.

The App is designed to work locally on your device. We do not operate a backend service for the App, and we do not provide a social network or user-to-user communication functionality.

2. Information We Collect

Personal Information

We do not directly collect personal information such as your name, email address, phone number, or home address through the App.

Fitness and Workout Data

The App may store workout-related information locally on your device, such as workout preferences, progress, or completed exercises, depending on the features you use.

This information is stored locally on your device and is not transmitted to our servers.

Device Information

The App does not intentionally collect device identifiers, precise location, contacts, photos, or other personal information for analytics or advertising purposes.

3. In-App Purchases

The App offers a one-time lifetime purchase to unlock access to its features.

Purchases are processed through Google Play Billing. Payment processing is handled by Google Play in accordance with Google's applicable terms and privacy policy.

We do not directly collect or store your payment card details.

The App may process purchase or entitlement information necessary to determine whether you have access to the paid features.

4. Third-Party Services

The App uses third-party services to support in-app purchases and entitlement management, those are:

- **Google Play Billing:** Used to process in-app purchases.
- **RevenueCat:** RevenueCat may process purchase and subscription-related information to provide entitlement management and related services.

These services may process information in accordance with their own privacy policies.

For more information, please refer to the privacy policies of Google and RevenueCat.

5. Data Sharing

We do not sell, rent, or share your personal information for advertising purposes.

Workout data stored locally on your device is not transmitted to our servers.

Information processed by third-party services, such as Google Play Billing or RevenueCat, is handled according to their respective privacy policies.

6. Data Retention and Deletion

We do not maintain a personal information database for App users.

Workout data stored locally on your device remains on your device until you delete it, clear the App's data, uninstall the App, or use an available in-app deletion feature.

Purchase records and entitlement information may be retained or processed by Google Play and other relevant service providers according to their policies and legal obligations.

7. Children's Privacy

The App is not specifically directed at children under the age of 13.

We do not knowingly collect personal information from children.

8. Security

We take reasonable measures to protect the App and the information handled through it.

Because workout data is stored locally, its security also depends on the security of your device.

9. Changes to This Privacy Policy

We may update this Privacy Policy from time to time. Any changes will be reflected by updating the “Last updated” date.
